A look back at 2024/25

But there were some challenges

- 1. Our Sewer Line Project Progressed Much Slower than Anticipated In Lot A Last Fall
- 2. As a result, costs are higher than expected
- 3. All three manholes in our sewer project work this year were defective, failing their SBWRD vacuum test, leading to a three-week delay
- 4. Water Irrigation costs grew to \$64,389, \$22,389 over budget.
- 5. City water rates went up, especially if we use more than 400,000 gallons; we need to watch water usage

A look back at 2024/25

Your executive director prioritiesBoard approved at October 2024 meeting

- Master Plan, 30%
- Parking, 20%
- City Relations, 20%
- Financial Planning 30%

Your executive director is a 30 hour/week employee Dean Berrett has helped tremendously on the Master Plan

Let's Look At Those Accomplishments & Challenges

The Biggest Challenge

Keeping the Sewer Project Moving Forward as part of the \$1.6 million Capital Assessment that passed in April 2023

Since the April 2023 vote

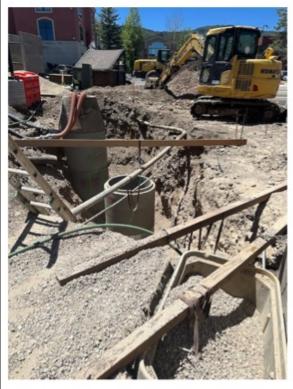

- Collected \$340,964 in Full Assessment Payments From 20 Members who received a five percent discount.
- An additional \$930,744 in nine quarterly installments.

A BIG THANK YOU!

Quarterly Collections Continue thru Jan. 2026

Slide from Last Year's Meeting

PROSPEC OR SQUARE

We expect to complete in 2024

- Repairing Lots A, J and I
- Complete Sewer Line Reconstruction thru Lot I

But there is a possibility some repaving will be delayed until next year due to weather (but there will be patches)

It Didn't All Happen Why and What Got Done?

Digging In Lot A Got More Challenging Than Expected

- Utility Lines in the Way
- Trenches Needed to get Wider To Be Safe
- Resulted in More Soils to Haul Away For Disposal
- It was just tough and elected to stop at a manhole near PC Printink

It also created additional costs, which we will go over in a minute

A Summary:

Now in the final year of a \$1.6 million capital assessment of our members
This is year 3 of replacing old six-inch sewer lines with eight-inch lines so we can turn the system over SBWRD

Completed to date:

- Sewer Lines in Lot E (Carriage House Lot) and Lot C (Fuego's lot)
- Repaved those two lots
- Last year, repaved the biggest lot, Lot J, across from Sheraton
- As well as Lot A (The 7-11 lot) just a few weeks ago
- Completed sewer line replacement in Lot A, the 7-11 lot
- This year will stop just outside the Park Record building in Lot I.

We will go over the numbers in a minute, but it now looks like we will be using the annual capital reserve collection of \$175,000 to finish Lot I

A Comparison of The Special Assessment & Actual Expenses to Date

This year our big expense was the "sidewalk" sewer line replacement

Done in three segments, our estimate was \$449,577 with actual cost to date of \$448,669. The last leg is 90 percent complete so the cost will likely be above \$500,000

What is Next

Our goal over the next two years will complete the work up to Albertos in Lot I and repave that lot. Then out of the sewer business

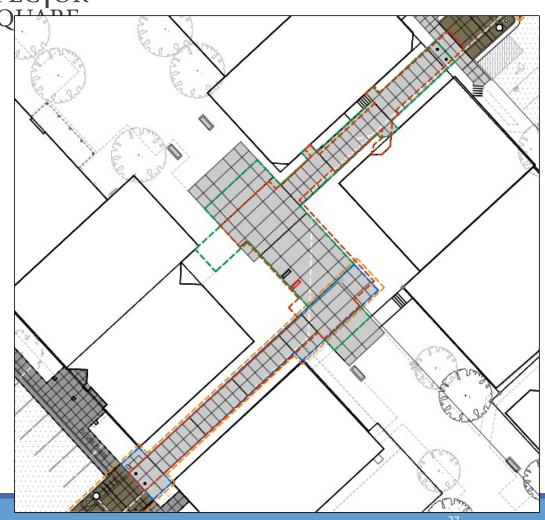

Also to come this year:

- New monument signs, but now paid out of operating funds
- Replacement lighting on the Berrett Lane walkway, estimated at \$50,000
- Concrete Replacement At This Year's Sewer Line, Done by Aug. 1.

Once Lot I is Done, Then What?

- The Master Plan Calls for Upgrades to Three More Nodes
- Replace Irrigation System
- Remove some grass and move toward drip system

Develop a timetable and discussion for next ten-years.
